
Dear Madam / Sir,

Varun Engineers is an ISO 9001 : 2015 certified and a newly established unit which has started its operation on 1st January 2007 in Bhosari MIDC in Pune.

This company is established by Mr Shriram M. Gawade who has worked for several years with M/s ThyssenKrupp Industries India Pvt Ltd (which is in the field of Sugar, Cement, Boilers and MHE turnkey projects) in Quality Assurance Dept as a Senior Executive. For last several year we have been working with M/s ThyssenKrupp Industries India Pvt Ltd, M/s Walchandnagar Industries Limited, M/s Kirloskar Pneumatics Limited, M/s Atlas Copco, M/s Thermax Ltd, M/s Mega EPC Projects Pvt. Ltd., Sahyadri Industries Ltd. & BrahMos Aerospace Pvt. Ltd.

Varun Engineers is located in the heart of Pune's industrial area with the total working space of 10000 sq feets which fully is covered, having overhead crane facility and RCC floored area. We own this workshop and since year 2007 we are carrying our manufacturing activities in this place. We have qualified engineers, skilled fitters and qualified welders with other skilled workforce.

Since the first day of our operations we are working for M/s ThyssenKrupp Industries India, Pimpri, Pune – 18 and Walchandnagar Industries Limited, Walchandnagar. We have supplied many critical equipments / items / assemblies for sugar / centrifugals, cement, boilers and material handling projects, wind mill, pressure vessels ect. These items were completed successfully within the given time and as per specified requirements. We are well aware of welding procedures and have qualified welders as per ASME IX / AWS D1.1.

We are very much familiar with critical jobs / primary structure which we have been manufacturing for thyssenkrupp Industries India regularly. We generally do the fabrication work for Bogies-Euqalisers / Buckets / Main frames / Base frames / Cross balancer / Portals / Paddle feeder frames / Bucket wheel body / SAC frames / Rack supports / Explosion Flap Valve / Watercooled Bed Ash Coolers / Silencer / Crusher Housings / Middle discs / Jaw crusher housing for mobile crushers ect. Also we manufacture many more assemblies and equipments like Coal dust burners / Burner carriage ect for Cement plants, Sugar / Centrifugal machine parts / Ash handling - cooling equipments for Boilers, Pressure vessels, ect.

Though we are new entrants in the manufacturing field, the prima facie principle of M/s Varun Engineers is to serve the customer's needs by prompt and efficient services and create goodwill.

Thank you,

Shriram GawadeFor **VARUN ENGINEERS****Details**

Name	<i>Varun Engineers</i>
Proprietor	<i>Mrs. Swati Shriram Gawade</i>
Contact person	<i>Mr. Shriram M. Gawade</i>
Address - works	<i>Plot No 143A, Sector – 7, PCNTD, Bhosari, Pune – 411 026.</i>
Plot area	10,000 sqfeets (fully covered with RCC flooring) with OH cranes 10T (2 Nos.) & 5T for handling purpose.
Production capacity	50 - 60 MT per month.
WPS / PQR	Welders qualified by M/s ThyssenKrupp Industries India Ltd for carbon steels, alloy steel & stainless steels as per ASME IX / AWS D1.1
Machining capacity	Machining gets done on Plano-miller, horizontal boring, lathe, milling etc. which are available at short distance from our workshop.
CNC	CNC flame & plasma cutting machine 2.5 x 12 met bed available.
Contact No.	94220 36858
